

Price list for product calibration services
 (products not included in the LUMEL SA offer)

Valid from 01/04/2024

LUMEL SA Research Laboratory

Products from other manufacturers	Calibration price [EUR]	Comments
Resistance decodes	-	The scope and price of calibration are set individually (please contact us by e-mail)
Calibrators	-	The scope and price of calibration are set individually (please contact us by e-mail)
Multimeters	-	The scope and price of calibration are set individually (please contact us by e-mail)
Clamp meters	-	The scope and price of calibration are set individually (please contact us by e-mail)
Temperature sensors	***	Price for measuring point (max. up to 600C) - 25 EUR ***
Thermohygrometers	40	The price includes: 1x temperature 23 ° C, 1x selected humidity point for the range of 20% to 90% RH (for 23 ° C) **
Thermohygrometers	25	Price for an additional measuring point
Analog meters	20	For multi-range meters price for one measuring range 20EUR *
Insulation resistance meters	-	The scope and price of calibration are set individually (please contact us by e-mail)
Issuing a duplicate calibration certificate	10	Maximum 5 years after the certificate issuance
laboratory service - costs of checking the device	25	The fee is charged when a faulty LUMEL S.A. device is sent for calibration (after warranty), and the lack of consent for its repair by the user or sending defective devices from other manufacturers for calibration.

* Please provide the number / number of the measuring channel and which ranges are to be calibrated

** Please provide the humidity calibration point - in the absence of such information, calibration is carried out

*** Please indicate the points at which calibration should be performed
